Arjuna Francesco

Data Scientist | SQL | Excel | Python | Software Engineer
Kota Kediri, Jawa Timur, Indonesia

Ringkasan

I am an undergraduate student at Politeknik Negeri Malang, pursuing an Associate Degree in Informatics Management. I have a strong interest in data analysis and data science, and I am currently expanding my skills in Python for data analytics and data science, as well as MySQL for database management.

Additionally, I have been exploring various programming languages, including JavaScript, HTML, and CSS, to develop mini projects that enhance my technical and problem-solving abilities. I am highly motivated to continue learning and applying my knowledge to real-world projects, aiming to build a strong foundation in data-driven decision-making and software development.

I am open to collaborations, networking, and opportunities that allow me to grow in the field of data analytics and technology.

Pengalaman

Freelance | Self-Employed
IT Engineer
Juni 2026 - Present (2 bulan)
Индонезия

Handled various project-based IT works across web development, game development, machine learning, cybersecurity, and technical documentation.

Key Responsibilities:

- Developed web-based applications, dashboards, and information systems based on client requirements.
- Built simple game projects, including gameplay logic, interface flow, and technical documentation.
- Worked on machine learning projects involving data preprocessing, visualization, model training, evaluation, and prediction analysis.

- Assisted in cybersecurity-related projects, including vulnerability analysis, CVE research, risk classification, and report preparation.
- Created technical and research documentation, including system design, UML diagrams, ERD, DFD, wireframes, implementation explanation, and testing reports.
- Supported end-to-end project completion, from requirement analysis, development, revision handling, documentation, to final delivery.

Anita Konveksi
Full Stack Web Developer
Februari 2026 - Juni 2026 (5 bulan)
Kota Kediri

I will update this section once the project has been completed.

TikTok LIVE
Digital Sales & Live Streaming Host
Agustus 2025 - Oktober 2025 (3 bulan)
Kota Kediri

Hosted live commerce sessions on TikTok selling in-game items, consistently achieving 10,000–15,000 total live viewers within 2-hour sessions. Managed real-time audience engagement, product promotion, and sales transactions, while generating income through live streaming and digital sales.

SMA Negeri 2 Kediri
Event Photographer (SMADA Islamic Day)
September 2024 - September 2024 (1 bulan)
Kediri City, East Java, Indonesia
Event Photographer at SMADA Islamic Day (SID)

SMA Negeri 2 Kediri
Treasurer at Takmir Masjid Al-Anwar (TMA)
April 2022 - April 2023 (1 tahun 1 bulan)
Kediri City, East Java, Indonesia

Serving as the Treasurer of the Al Anwar Mosque Takmir at SMA Negeri 2 Kediri City, I am responsible for managing and supervising the mosque's financial activities, including the administration of the organization's statutes and bylaws (AD/ART). My role involves handling and recording infaq funds and operational cash, ensuring accurate financial documentation, transparency, and accountability in all financial reports.
